RE: **Notice of Violation**  
Land Application of Wastewater  
Little Ogeechee Farms, LLC  
Ogeechee River Basin, Warren County

Dear Mr. Williams:

We are in receipt of your Notice of Violation (NOV) dated March 30, 2021. After discussing this matter with the provider of the material being delivered to our site, we have confirmed that the material is in fact a registered soil amendment and not a solid waste as stated in the NOV. Due to this determination, we believe the NOV to be null and void.

Should you have any questions, comments, or desire further information, please contact me.

Sincerely,

Justin Echols
